The fact of the matter is, you do not care about the story in a Mario game, but at the same time, you always want to put King Koopa in his place.. This is a game I (and most probably everyone reading this) know very well I decided to play through it again for this review to see just how well it holds up.

Where It All BeganIt is crazy that we are not all that far off from this game being 40 years old as I write this.. Now, I'm only on the second world and the story is pretty basic, but it's so fuuuuuun! Description of Catz: Your Computer Petz Windows.. I am pretty sure the whole time I am writing this Super Mario Bros review I will have a big goofy smile on my face.. As a cat lover and Mario fan, I couldn't find the perfect game There were a bunch of rip-offs of Mario that were glitchy or to basic.. I say that because the original Super Mario Bros has aged like a fine wine Yes, Super Mario Bros 3, Super Mario World and the various New Super Mario Bros games have taken this formula and improved on it in every way you could imagine.. You are playing as Super Mario and you need to save the Princess and put a stop to King Koopa from causing trouble in the Mushroom Kingdom.. I first played the original Mario game back in the 80s on my uncle's NES That Christmas I knew what I wanted Santa to bring me and I was not disappointed.. 1996, the year Catz: Your Computer Petz was released on Windows, as well as Mac..
